CONCEPT & VISION

Concept - Film Expo India is a grand-scale exhibition designed to unite every element of filmmaking under one roof. From cutting-edge technology to picturesque shooting locations, and from government support to international reach, the expo will be a melting pot of ideas, innovations, and industry connections. By bringing together filmmakers, producers, investors, service providers, and creative talent under one roof, this platform creates endless opportunities to shape the future of cinema globally.

Vision - Film Expo India aims to amplify India's presence in global cinema, boost local filmmaking through Indian and international participation, providing a platform for creators to explore, learn and collaborate. From the bustling energy of Bollywood to the rich narratives of regional cinema, and from international storytellers to global production houses — every voice and every vision finds the space to shine. This summit will not only celebrate diverse storytelling traditions but also strengthen the industry as a whole, nationally and internationally.

Industry's Other Essential Spectrums

Film Expo India 2026 is not just a platform for the film industry—it encompasses the entire spectrum from international films & tourism, advertising, to digital content, OTT platforms, media, ai technologies and films, startups and immersive storytelling.

Advertisement

Advertising forms a crucial link between content, creators, and audiences. As an integral industry stakeholder, its presence as an exhibitor at Film Expo India truly matters.

Digital Content

Digital platforms—spanning OTT, short-form content, and emerging technologies—are shaping the future of audio-visual creation and distribution. As essential contributors to modern storytelling, their presence as exhibitors at Film Expo India is integral to the industry's evolution.

AI Technologies & Films

Film and content are taking new forms with the rapid advancement of Artificial Intelligence. From creation to distribution, AI is reshaping the way stories are imagined, produced, and experienced.

Startup Incubation

Innovation is powering the future of filmmaking. Startup incubation platforms bring together a dynamic group of entities interested in funding and supporting new ventures—whether in film technology or content creation.

International Films & Tourism

Global cinema and tourism are deeply interconnected through visual storytelling and cultural exchange. International film bodies and tourism boards play a crucial role in showcasing destinations, enabling co-productions, and expanding global creative collaboration.

Media (News)

News and media play a vital role in content creation, distribution, and public influence. Their presence at Film Expo India strengthens the connection between storytelling, information, and real-time audience engagement.

Television & Radio

Television and radio continue to shape narratives, reach mass audiences, and influence culture across generations. Their presence at Film Expo India is essential in representing the backbone of broadcast storytelling within the evolving audio-visual industry.

Micro dramas & Documentaries

Micro dramas and documentaries bring unique stories and perspectives to the forefront. Their participation as exhibitors ensures these niche yet impactful formats gain recognition and connect with industry professionals and audiences alike.

Theatre

Theatre is the foundation of performance and storytelling disciplines. Its presence at Film Expo India is vital, reinforcing the roots of acting, direction, and creative expression that continue to influence screen-based content.

Live Events & Concerts

Live events and concerts bring stories to life through immersive experiences. Their inclusion at Film Expo India reflects their integral role in the entertainment industry and their growing convergence with film, media, and digital content.

EXHIBITOR'S PROFILE

To ensure a seamless experience and provide focused value to all participants, **the exhibition will be divided into distinct segments:**

ABOUT US

THE POWERHOUSE BEHIND INDIA'S EXPERIENTIAL EXHIBITIONS

“ **Exhobuzz Private Limited** is the driving force behind some of India's most remarkable exhibition experiences — from the soulful world of art in The Haat of Art, to the glamorous wedding showcase Wedding Glanza, and now paving the way for India's leading Film Expo. Since 2023, our exhibitions have welcomed thousands of visitors, buyers, and industry experts, all under one visionary platform. ”

The Haat of Art celebrates creativity, culture, and craftsmanship by bringing together emerging and master artists from across India, making art accessible to collectors, interior designers, and art lovers.

Wedding Glanza is a luxurious wedding expo where the finest names in fashion, décor, jewellery, and event planning come together to inspire and connect with elite families and wedding planners.

Film Expo is India's first-of-its-kind platform dedicated to the film and entertainment industry, where technology, tools, talent, and cinematic creativity converge—from script to screen.

CONCLUSION

The Film Expo represents an extraordinary opportunity to unite every facet of the film industry, from grassroots creators to global leaders. By fostering collaboration, showcasing innovation, and enabling direct access to resources, we can collectively drive the industry forward, empowering filmmakers and strengthening the creative economy.

A core pillar of this initiative is our commitment to building stronger domestic and international partnerships. Together, we can create new avenues for co-production, cultural exchange, market expansion, and talent development—ensuring that India's creative ecosystem grows not only nationwide but on the global stage.

With the support of industry leaders, government bodies, institutions, and passionate creators, we can shape a more sustainable, inclusive, and future-ready film landscape. This expo is more than an event—it is a collective movement. Together, we can build a platform where ideas flourish, collaborations thrive, and cinema continues to inspire audiences across the world.

The figures and projections are estimated and indicative, actual results may vary from expectations.
