THE VISION

Film Expo India envisions a global platform driving cinematic excellence, innovation, and orange economic growth. It aims to position India as a hub of creative capital by uniting talent, technology, and investment. By fostering collaboration and transforming creativity into economic value, the expo will strengthen India's global influence in cinema.

- Grand platform uniting entire filmmaking ecosystem
- Showcasing cutting-edge film technology and innovation
- Promoting diverse shooting locations across India
- Bridging government support with industry growth
- Enabling collaboration among creators and professionals
- Strengthening India's position in global cinema
- Boosting local filmmaking through 'Shoot in India'

FILM EXPO INDIA 2026

Five days. One creative ecosystem at Bharat Mandapam.

Film Expo India brought cinema, television, technology, startups, tourism, education, culture and enterprise onto one shared platform. The inaugural edition connected established leaders with emerging talent and new business ideas.
