IMPACT BEYOND FOOTFALL

Delhi didn't just fill the halls - it opened doors. Beyond the numbers walking through the gate, the show's real measure lies in what it set in motion across the industry: connections created, business conversations, government interaction, technology discovery, production opportunities and partnerships initiated. Here is what that impact looked like.

17000 Sq Mt. Exhibition space across the venue	**200+** Exhibitors on the floor
35,000+ Visitors through the gates	**62** Speakers across sessions, workshops and conclaves
100+ Celebrities in attendance	**50+** Startups showcased
35+ Film Screenings	**25+** Ai Films
20+ Government bodies and associations	**+** Fashion, culture, concerts and theatre running alongside

Figures for Delhi 2026 are being verified and will be published in the official post-show report. Final numbers to follow.
